

YET MORE HOUSING IN PEASMARSH

45 new homes are on the way with more to come :

How much more do we want and where?

Have your say.

This is your chance to say how and where our village should be developed. Let us, the local people and businesses that know and love the area, decide the sort of development and where we want it. We cannot block all future developments : we need to agree where that will be and what form it will take. This is government policy :

'Instead of local people being told what to do, the Government thinks that local communities should have genuine opportunities to influence the future of the places they live.'

A Neighbourhood Plan is a legal planning document which must be used by councils when they decide on local planning issues.
